

Provided by

*Serving Hood, Johnson, and
Somerville counties*

Entries to this list are based upon research and confirmed findings provided by the Rio Brazos Master Naturalist. Visit us at <http://www.riobrazosmn.org>.

A.N.C. MISSION STATEMENT

The Acton Nature Center of Hood County will promote a recreational and educational venue for nature enthusiasts of all ages.

The A.N.C. is located at 6900 Smoky Hill Ct., Granbury, TX, 76049. You may call (817)326-6005 or email us at ANC.andrea@yahoo.com for more information.

www.actonnaturecenter.org

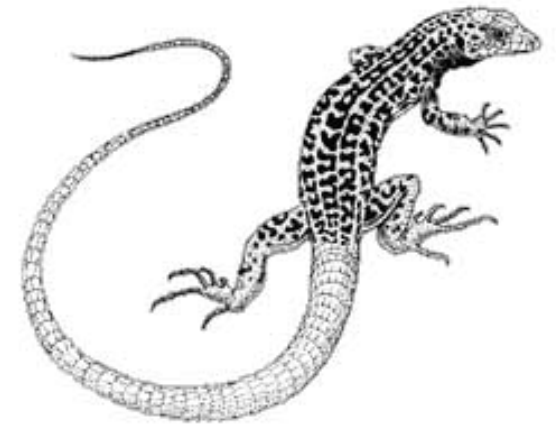

The Rio Brazos Chapter of Texas Master Naturalist serves the counties of Hood, Johnson, and Somervell sponsored by the Texas Parks and Wildlife (TPW) and the Texas Cooperative Extension (TCE). Our organization was established in the Spring 2005, and we are currently staffed with about 30 members. As with the many other state-wide Master Naturalist chapters, we are a group of citizen volunteers committed to the beneficial management of our natural resources and natural areas through volunteer service and educational outreach. Detailed information about the program is available at the Texas Master Naturalist official website <http://masternaturalist.tamu.edu/>.

If you are interested in joining our chapter or you are seeking our assistance with an environmental activity that we might be able to support, please contact us. Our officers and contact info are listed in the Contact Link at <http://www.riobrazosmn.org>.

Acton Nature Center
CHECKLIST KEY

S = sighted at the Nature Center
W = sighted within 10 miles of the Nature Center
NS = has not been sighted
□ = Mark for Personal sightings

SPECIES KEY

Lizards

Texas Spotted Whiptail <i>Cnemidophorus gularis</i>	S	□
Six-lined Racerunner <i>Cnemidophorus sexlineatus</i>	NS	□
Greater Earless Lizard <i>Cophosaurus texanus</i>	NS	□
Eastern Collard Lizard <i>Crotaphytus collaris</i>	NS	□
Five-Lined Skink <i>Eumeces fasciatus</i>	W	□
Great Plains Skink <i>Eumeces obsoletus</i>	S	□
Southern Prairie Skink <i>Eumeces septentionalis</i>	W	□
Slender Glass Lizard <i>Ophisaurus attenuatus</i>	W	□
Texas Horned Lizard (Horny Toad) <i>Phrynosoma cornutum</i>	W	□
Texas Spiny Lizard <i>Sceloporus olivaceus</i>	S	□
Fence Lizard <i>Sceloporus undulatus</i>	S	□
Ground Skink <i>Scincella lateralis</i>	NS	□

Water Snakes

	KEY	
Blotched Water Snake <i>Nerodia erythrogaster</i>	S	□
Brazos Water Snake <i>Nerodia harteri</i>	NS	□
Diamondback Water Snake <i>Nerodia rhombifer</i>	W	□
Western Ribbon Snake <i>Thamnophis proximus</i>	S	□
Texas Garter Snake <i>Thamnophis sirtalis</i>	W	□

Fossorial Snakes

Ringneck Snake <i>Diadophis punctatus</i>	NS	□
Texas Blind Snake <i>Leptotyphlops dulcis</i>	S	□
Eastern Hognose <i>Heterodon platirhinos</i>	W	□
Rough Green Snake <i>Opheodrys aestivus</i>	W	□
Longnose Snake <i>Rhinocheilus lecontei</i>	NS	□
Mountain Patchnose <i>Salvadora grahamiae</i>	W	□
Ground Snake <i>Sonora semiannulata</i>	W	□
Texas Brown Snake <i>Storeria dekayi</i>	W	□
Flathead Snake <i>Tantilla gracilis</i>	NS	□
Plains Blackhead Snake <i>Tantilla nigriceps</i>	NS	□
Lined Snake <i>Tropidoclonion lineatum</i>	NS	□
Rough Earth Snake <i>Virginia striatula</i>	W	□
Smooth Earth Snake <i>Virginia valeriae</i>	NS	□

SPECIES

KEY

Venomous

Copperhead <i>Agkistrodon contortrix</i>	W	□
Western Diamondback Rattlesnake <i>Crotalus Atrox</i>	S	□
Massasauga Rattlesnake <i>Sistrurus catenatus</i>	W	□
Texas Coral Snake <i>Micrurus tener</i>	NS	□

Racers & Whiptails

Yellowbelly Racer <i>Coluber constrictor</i>	S	□
Western Coachwhip <i>Masticophis flagellum</i>	W	□
Texas Night Snake <i>Hypsiglena torquata</i>	NS	□

Ratsnakes, Kingsnakes, and Bullsnares

Great Plains Ratsnake <i>Elaphe emoryi</i>	W	□
Texas Ratsnake <i>Elaphe obsoleta</i>	W	□
Prairie Kingsnake <i>Lampropeltis calligaster</i>	W	□
Intergraded Kingsnake <i>Lampropeltis getula</i>	W	□
Bullsnake <i>Pituophis cantifer</i>	W	□
